MINI BAR GREENLOTS ACCESS AND REVENUE MANAGEMENT

Mini Bar is powered with Greenlots SKY network, which offers an intelligent infrastructure for managing EV charging stations perfect for work and public places. Providing a low cost networked solution allowing business owners to own and operate their EV charging network. When it comes to flexibility and control the Mini Bar with Greenlots gives the control to the owner of the charging station for what to charge or not charge, when to charge, whom to charge - the power is in your hands.

Mini Bar Design

**The Rise of
Battery
Powered
Electric
Vehicles will
require the
development
of a vast
infrastructure**

According to Navigant Research, the global EV market is expected to grow from 2.7 million vehicle sales in 2014 to 6.4 million in 2023

Mini Bar 's design makes it possible to Manage an EV Charging Station Network Remotely

- Monitor & Control Mini Bars from your own dashboard
- 24/7 customer service line for EV drivers & station owners.
- No money to collect when charging a fee for the use of your EV Charging Stations, funds automatically deposited into account of choice.
- Mobile Apps for EV Drivers

PROPRIETARY ROI SPREADSHEET

WHATEVER THE BUSINESS MODEL 3, 5 OR 25 CHARGING STATIONS, WE CAN RUN THE NUMBERS

Advertising & Branding Opportunities

Customizing Opportunities

Mini Bar provides ample area for branding, sponsorship, messages and advertising opportunities, on both the front and back of the charging station. Our Team can work with you to come up with design options which can be carried through in a Green Garage Oasis Amenity Center.

Back side of Mini Bar
can also be branded

Trademarks appearing here are the respective property of their owners.

Also available: Mat Cleaning Stations, Bicycle Storage & Repair Centers

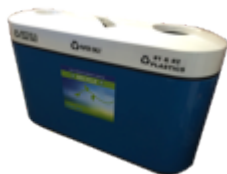

Green Garage Oasis® Amenities

Creating a full service amenity centers for customers, tenants and/or employees

Oasis Murals & Column Wraps

Add the final touch to your Green Garage Oasis® with professionally designed artwork. Add your logo & name, call attention to the amenities.

Recycle Bins

People will recycle their bottles or newspapers, they just need a place to recycle them. This is an easy solution to increase recycling.

RaceDeck™ Flooring

A super tough, high gloss modular garage flooring system that is easy to install. RaceDeck™ captures attention, and makes sure your social responsibility gets noticed.

Windshield Washer Station

The ideal added convenience of a way to clean windshields will round off your Oasis Amenity Center. A trash receptacle is also part of the station.

LED Lighting

Highly efficient and more effective than traditional lighting, LEDs will reduce your lighting bill up to 80% and last longer than alternative lighting solutions. This lighting will make sure your Oasis is visible for all to see!

Juice Bar® EV Charging Station

Offer your customers a Premium Charging Experience with our Mini Bar™ or any of our other charging stations: Juice Bar Quad, Double or Power Point. Point of Sale & Communications system can be added.

Tire Inflation Station

The EPA estimates that we can improve our gas mileage by up to 3.3 percent by keeping our car's tires inflated to the proper pressure.

Commercial Vacuum

The perfect amenity to the Oasis package, this commercial grade vacuum is an added convenience for your patrons. Customize it with your logo.
