

ELECTRIC VEHICLE ACCELERATOR PARTNER PROGRAM COMMITMENT LETTER

We commit to the following:

- 1.) Offer Level 2 charging for employees.
- 2.) Educate Employees*:
 - a. Provide an opportunity for YTCC to present about electric vehicles.
 - b. Offer and electric ride and drive-one day or an ongoing program.
 - c. Provide new employees with "Drive less, drive electric" info during employee orientation. (YTCC to provide materials)

*Must choose at least 2 of the above to accomplish within 12 months of signing on to program.
- 3.) Evaluate Electric:
 - a. Every time a vehicle is up for replacement, assess whether an electric vehicle is available that meets the use of your vehicle, if so, always purchase electric.
- 4.) Conduct employee survey:
 - a. Conduct survey (provided by YTCC) of employees about their commuting logistics and electric vehicle plans.

Survey data will help determine what amount of workplace charging may be needed and inform commuter benefit offerings.
- 5.) Choose at least one more option (option is your choice and particular to the needs of your employees and capacity to offer options)
 - a. Assign an internal electric vehicle ambassador
 - b. Provide publicly available charging stations
 - c. Create new mobility benefits for employees
 - d. Offer incentives for installing charging stations
 - e. Adopt green fleet procurement polices
 - f. Offer incentives to drive electric
 - g. Commit to a full fleet assessment of switching fleet to electric
